Most recent research on GANSTALKING has demonstrated the activity that TARGETED INDIVIDUALS report is a real existence and not delusional. Three research findings on the National Institutes of Health reflect this conclusion.

Given that, how would you consider the impact of what is a sustained cumulative affect upon the collective effort of these gangstalker's activity that is negatively targeting an uncountable number of targeted individuals?

We have to form an understanding. This I consider an UNCONDITIONAL UNDECLINABLE DELIVERANCE OF AN ISSUE THAT HAS NOT to BE ABLE TO BE AT ANY CIVIL SOCIETY ATTEMPTS EVERYWHERE.

I GO TO AN OBLIVION PERMANENTLY SEPARATING ME FROM THE LIES, CHEATS, AND STEALS! I DO NOT HAVE THE WILL TO DEAL WITH YOUR COLLECTIVE FAULT OF SECRETS. THERE CAN BE NO SECRETS YOU ARE HIDING IN THIS VIEW. I DO NOT GIVE YOU THE CONSENT TO PROVIDE MY DOCTOR CARE ON SUCH AN IMBALANCED FOUNDATION OF IDEALS.

Worried About Swearing Too Much? Science Says You Shouldn't Be

Well, damn. Maybe you stubbed your toe first thing in the morning. Or some thoughtless commuter forced you to slam the brakes on the drive to work. Perhaps you're just fed up with it all and feel like sinking to your knees and cursing the heavens.

If you've ever suppressed the urge to unleash a string of obscenities, maybe think again. Some research suggests that it might be a better idea to simply let the filth fly.

What is a Kramobone?

First, what is Solomon's Knot?

Dr. Bassi, do you know that answer?

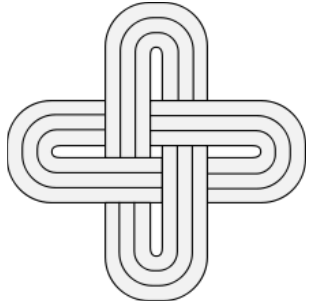

https://en.wikipedia.org/wiki/Solomon's_knot

Solomon's knot

Basic Solomon's knot

Braid length

Decorative Solomon's knot.

Solomon's knot

From Wikipedia, the free encyclopedia

Solomon's knot (Latin: *sigillum Salomonis*, literally "Solomon's seal") is a traditional [decorative motif](#) used since ancient times, and found in many cultures. Despite the name, it is classified as a [link](#), and is not a true [knot](#) according to the definitions of mathematical [knot theory](#).

Structure

The Solomon's knot consists of two closed loops, which are doubly interlinked in an [interlaced](#) manner. If laid flat, the Solomon's knot is seen to have four crossings where the two loops interweave under and over each other. This contrasts with two crossings in the simpler [Hopf link](#).

In most artistic representations, the parts of the loops that alternately cross over and under each other become the sides of a central square, while four loopings extend outward in four directions. The four extending loopings may have [oval](#), [square](#), or [triangular](#) endings, or may terminate with free-form shapes such as leaves, lobes, blades, wings etc.

Since the knot has been used across a number of cultures and historical eras, it can be given a range of symbolic interpretations.

Because there is no visible beginning or ending, it may represent immortality and eternity—as does the more complicated Buddhist [Endless Knot](#).

Because the knot seems to be two entwined figures, it is sometimes interpreted as a Lover's Knot, although that name may indicate [another knot](#).

Because of religious connections, the knot is sometimes designated the all-faith symbol of faith, but, at the same time, it appears in many places as a valued secular symbol of prestige, importance, beauty.

Symbolism

Solomon's Knot appears on tombstones and mausoleums in Jewish graveyards and catacombs in many nations. In this context, Solomon's Knot is currently interpreted to symbolize eternity.

Some seek to connect it with Solomon by translating the Hebrew word *peka'im* (פִּקְעִים) found in the Bible at I Kings 6:18 and I Kings 7:24 as meaning "knobs" or "knots", and interpreting it to refer to Solomon's knot; however, the more accepted modern translation of this word is "gourd-shaped ornaments".

In Africa, Solomon's knot is found on glass beadwork, textiles, and carvings of the [Yoruba](#) people. When the knot appears in this culture, it often denotes royal status; thus, it is featured on crowns, tunics, and other ceremonial objects. Also in Africa, the Knot is found on Kasai velvet, the raffia woven cloth of the Kuba people. They attribute mystical meaning to it, as do the [Akan](#) people of West Africa who stamp it on their sacred Adinkra cloth. In the [Adinkra](#) symbol system, a version of Solomon's knot is the *Kramo-bone* symbol, interpreted as meaning "one being bad makes all appear to be bad".

In Latvia, when Solomon's knot is used on textiles and metal work, it is associated with time, motion, and the powers of ancient pagan gods.

In modern science, some versions of the conventionalized sign for an atom (electrons orbiting a nucleus) are variations of Solomon's knot. The logo of the [Joomla](#) software program is a Solomon's knot.

End of Definition.

Disability Inclusion

Spanish

Disability Inclusion: Making sure everybody has the same opportunities to participate in every aspect of life to the best of their abilities and desires.

What is Disability Inclusion?

Including people with disabilities in everyday activities and encouraging them to have roles similar to their peers who do not have a disability is *disability inclusion*. This involves more than simply encouraging people; it requires making sure that adequate policies and practices are in effect in a community or organization.

Inclusion should lead to increased participation in socially expected life roles and activities—such as being a student, worker, friend, community member, patient, spouse, partner, or parent.

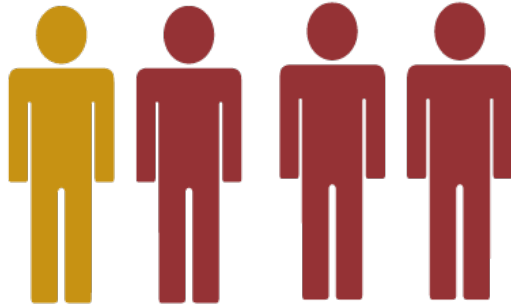

Socially expected activities may also include engaging in social activities, using public resources such as transportation and libraries, moving about within communities, receiving adequate health care, having relationships, and enjoying other day-to-day activities.

Disability Inclusion and the Health of People with Disabilities

Disability inclusion allows for people with disabilities to take advantage of the benefits of the same health promotion and prevention activities experienced by people who do not have a disability. Examples of these activities include:

- Education and counselling programs that promote physical activity, improve nutrition or reduce the use of tobacco, alcohol or drugs; and
- Blood pressure and cholesterol assessment during annual health exams, and screening for illnesses such as cancer, diabetes, and heart disease.

Including people with disabilities in these activities begins with identifying and eliminating barriers to their participation.

One in four American adults has a **disability**.*

*2016 Behavioral Risk Factor Surveillance System (BRFSS)

Why is This Important?

Disability affects approximate 61 million, or nearly 1 in 4 (26%) people in the United States living in communities. Disability affects more than one billion people worldwide.^{1,2} According to the United Nations Convention on the Rights of Persons with Disabilities, people “. . . with disabilities include those who have long-term physical, mental, intellectual or sensory [such as hearing or vision] impairments which in interaction with various barriers may hinder their full and effective participation in society on an equal basis with others.”³

People with disabilities experience significant disadvantages when it comes to health such as:

- Adults with disabilities are three times more likely to have heart disease, stroke, diabetes, or cancer than adults without disabilities;⁴
- Adults with disabilities are more likely than adults without disabilities to be current smokers;⁵ and
- Women with disabilities are less likely than women without disabilities to have received a breast cancer X-ray test (mammogram) during the past 2 years.⁶

Although disability is associated with health conditions (such as arthritis, mental, or emotional conditions) or events (such as injuries), the functioning, health, independence, and engagement in society of people with disabilities can vary depending on several factors:

- Severity of the underlying impairment
- Social, political, and cultural influences and expectations
- Aspects of natural and built surroundings
- Availability of assistive technology and devices
- Family and community support and engagement

Disability inclusion means understanding the relationship between the way people function and how they participate in society, and making sure everybody has the same opportunities to participate in every aspect of life to the best of their abilities and desires.

Been going to Dr Bassi for about 15 years, he's great, no complaints about him. The front office is a whole other story though. Been trying to refill my prescription, pharmacy has sent many requests, got ahold of Verna at Dr Bassi office, she's been too busy to go through her faxes for refills, I went two weeks without medication because of her. Next issue, appointments, booked several over the phone appts, my phone never rang. They said they called with no answer. I was waiting for the call, if they called, it would be in caller id, it's not. I can't be the only patient this is happening to.

I have been treated by Dr. Bassi for many years. He is the best. After months of ear infections and antibiotics, at home IV Meds too, I ended up in the ER with a temp of 104. I was admitted and my ENT doc called in Dr. Bassi. I also have Leukemia and allergic to all penicillin drugs so it was what do we do with her? Well Dr. Bassi took a chance and decided to give me Penicillin and it worked! But a nurse had to sit with me through the infusion just Incase I had a bad reaction to it. I cannot take it on my own at home only a hospital setting and being watched constantly. I would highly recommend Dr. Bassi and his team at Foothill Infectious to anyone!

After a year of back and forth with doctor after doctor, I was diagnosed and treated within a month. I'm so happy I came here and I can't recommend it enough

GREEDY, GREEDY, GREEDY. Would not refund my overpayment, even after my insurance company told them they must refund the money because Foothill Infectious is only entitled to the contracted amount and can not keep the overpayment. Unscrupulous! Kathy, the administrator tells me they would deal with whatever fallout from the insurance company, rather than losing money over the vaccination....what distorted moral logic is

that?

With this attitude showing against me -- I GUARANTEE YOU -- A FIGHT LIKE THIS -- I WILL WALK OUT OF YOUR OFFICE AND DIE FIRST

AND I HAVE POWERS OF INFORMATION TECHNOLOGY -- YOU WON'T LIKE - OR LEGALLY TAKE MY POWERS AWAY!

IF I DON'T SEE WHAT IS THE REACHING UPWARD TO EXCELLENCE IMMEDIATELY!

I WILL SHOUT SCREAM AND CURSE YOU ALL - **FUCK YOU ALL HATERS!**

WHAT THE FUCK IS WRONG WITH YOU?

YOU SHOULD CALL THAT PERSON AND APOLOGIZE AND MAKE THAT RIGHT! If that is true.

GOING DOWN..... TO A STORY UNFOLDING...

IN VIEW OF MY CALL TO CRISISTEXTLINE --- This is going out to her as one of the Doctors on the Board of Directors -- You all can not get away with this shit! SHE Has a Fiduciary Responsibility as being a non-profit -- I sent her the text of the California Laws -- on Instagram

Two Tweets At Twitter -- and BLOCKED FOR NO REASON! I can't understand this intolerance to a discussion -- you all running dual lives.

ONE TO THE PUBLIC - FAIUSE FRONT and one PRIVATE -- I do not know that. -- There is an example of what is showing for her WRONGDOING!

I am doing and presence here absolutely nothing wrong -- everything perfectly legal. -- it might shock you - but then again you have to be PROFESSIONAL!

DOCTOR NOBLE -- -SERIOUSLY??

This is NOT a Joke! Far Far Far From It!

Did you know that on LinkedIn there are actual company names that have profiles on that social networking site for professionals with the word "fuck" in them?

A
nswer:

- Yes.
- Yes of course.
- No I did not Know.
- No, that can't be true.
- No, that must be illegal.

That is a question that appears in this text.

A question that appears in a received person's email text deserves desires and perhaps requires the reader to respond with an appropriate answer.

That would be respectful and considerate.

But that's not what we have in today's world.

In today's world, we choose to completely ignore somebody to oblivion.

We just carry on as a memetic presence from person to person of maladjusted culture, as a corrupt (or corrosive) element that we don't oblige or consider or care about in all of our insanity.

This is affecting us more badly than you actually realize in all of this nation down to all of this creative destruction of our community #SocialTrust locally.

[Good Friends / True Friends Why Do You Humans Lie So Much?](#)

But carry on you haven't actually responded yet but carried on you probably will stop reading but carry on like it is not important that you received this message from a person that is #HIVUNTREATABLE and trying to establish a better quality and standard of care.

Carry on like it does not matter Doctor.

To answer the question above,

Yes, of course.

Such examples include [but not limited to], "Fuck Cancer" at [<https://www.linkedin.com/company/fuck-cancer/about/>], "Fuck Yeah Astrophysics" at: [<https://www.linkedin.com/company/fuck-yeah-astrophysics-/about/>], "Fuck Rasism" at: [<https://www.linkedin.com/company/fuck-rasism/about/>], and "Fucked Up Design" at [<https://www.linkedin.com/company/fucked-up-design/about/>].

Furthermore, each of these cited examples of companies above each having similarly existing web presence internet domains accessible matching their namesake, [but of course].

Such as "<http://FuckCancer.org>" and "<http://FuckYeahAstrophysics.com>", a non-profit example, and a .com example.

But just...

Carry on like it does not matter and carry on like an asshole. Carry on to terminate my doctor care that we are attempting and will fail.

I have lost all hope. THIS --- BetterCare is OUTRAGEOUS!

Angel number 333 symbolizes **encouragement in making the correct choices in life**. And in terms of relationships, if you see this number, that may indicate that it is time for you to make essential changes and choices in your love life. Nov 18, 2021

The number 333 represents **the divine pact between Abraham and God**. God's covenant promised Abraham that he would be the father of great people. If His descendants obeyed Him, God would guide them and protect them. He'd also give them the Promised Land. Oct 23, 2020

Meaning of the Number 333 in the Bible

<https://www.biblestudy.org> › *Unique Studies*

The 33rd verse of Ezekiel 33 (3333) is God's declaration that a day of reckoning will come to all those who pretend to love the Lord but deny him in their hearts and in their works.
