[PREFACE] ***THERE IS NO SENSE IN ATTEMPTING LINE FORMATS
HERE*** We understand the sources to which this comment posting and the check mark statement above are being agreed upon by the author of this comment. I do not consent that this statement itself above holds a complete coverage of immunity for the actions that your informational services agency takes on not posting this comment as it must be legally enforced [if necessary] when there are rights violated against the author itself from the services that are involved itself to be able to publish the truth as it is stated. Indeed there must remain the liability upon the service side of "Intelius" when indeed the service itself acts outside to the harms conducted directly upon the author and the harms conducted directly upon the truth by agents of "Intelius.com". Do we have an understanding? The release and publishing posting comment states that agreement. Otherwise, address the issue with me and this contention to place the academic paper ["Computing and Moral Responsibility" [Plato.Stanford.Edu 2012/2018] and the academic paper ["Information Privacy In Cyberspace Transactions" Kang 1998] onto this issue to balance our developed technologies actively processing 2022 here. We are currently active in defiance of holding any commons onto being of and within compliance to "Natural Law". Do you need a lesson from this basis of authorship of my holding a school-based [star star star "Gotcha" star star star] and mission [star star star] of peacebuilding of "intellectual property" rights also by the use of domain name presence in this comment that must present itself to this post. Stars 333 Try: [[HTTP://awesomekramoboneplayroom.school/BasicHumanNeeds/](http://awesomekramoboneplayroom.school/BasicHumanNeeds/)]. Google [What is the meaning of 333?] The number 333 shows that your guardian angel is beside you to provide you with the strength and ability to take one step at a time while you live a stress-free life. If this number manifests in your life, this could be a sign that joy can exist even in the worst situations. Nov 18, 2021 This comment here must be held upon your reasonable accordance of commons if need be to be included in revisions of the terms of the service agreement between all users of your service, specifically for this binding the author of this comment, James Martin Driskill. I am specifically expressing that I do not give tacit consent that you are immune to any liability that does require the agent of "informational integrity" to obey the laws that apply between service and author here. Your actions here are not excluded from the moral agency and moral responsibility of this identified background individual that appears on an assigned Doctor Medical Care Provider Under Humana Insurance Coverage for this author. We are not going to proceed as these are not addressable and beyond the reach of this author's need to enforce the respect of all rights as necessary to be written into the record for ALL-TIME-HUMAN HISTORY. This one for

sure is for the HISTORY BOOKS. [END OF PREFACE] Attention Intelius and the general public. What I say here is the truth. I have repeated the following statement of intention to forcefully break something that is working in a massive mischievous marvel of molding muck [coined in 2007] mess that can not just be allowed to hold its roots and intention to destroy, literally, the country of the United States of America. ["I DEMAND AN UNDECLINABLE DELIVERANCE OF THE TRUTH, THE WHOLE TRUTH, AND NOTHING BUT THE TRUTH"] There are outside forces that have created technology that has been developed with specific intent as warfare craft of informational digital tools engaged to attack our citizenry in this country. Please do not insult my intelligence [Intelius] to reflect that I am not acting appropriately in these circumstances. [NAMING STANDARDS]: In our world, there are actual in-operation company names with the word FUCK in them. That standard then transfers into, there are actually LINKEDIN company profile names with the word FUCK in them. The word presence in this comment alone is not a reason to deny this comment from its approved visual presentation. Do I really need to cite these standards with examples after examples? Of course not. The author at this point does not need to educate the persons who hold the administration of such facts on how they carry forward in a socially acceptable coverage full and wide of this standard. Further however is also applied. AND AGAIN, I would not have to impose these words here if the past and present observances of and onto the administration of such facts on how they carry forward in a social acceptability coverage full and wide of standards in general. I James Martin Driskill am an American that is currently holding a Social Security Disability Income and has been active since Dec 2000. That bearing forward, I personally as this comment must apply, being covered on the goals and missions of an ENFORCEABLE INTERNATIONAL PERSPECTIVE OF PRIORITIES from the UNITED NATIONS on to the UNITED STATES OF AMERICA with the authorization and its signature of approval of the Convention For The Rights Of Persons With Disabilities since 2009. That Remains an ACTION that has been so far violated and in this case now, it will be ENFORCED to the RULE OF LAW! WARNING WARNING to all who are involved in the internal struggle to resist at all costs to have these matters taken up and held into a full civil society resolve. I am here under A GREAT CONCERN that is VERY SERIOUS and should be held to the highest PARAMOUNT PRIORITIES to carry forward in all truthfulness our integrity is at the hands of time. We have no more time. If for whatever reason you are holding against me, that does not allow my comment to stamp onto the web presence here, that indeed would be a DIRECT VIOLATION of ARTICLE 12 GRANTING "LEGAL CAPACITY" onto this author of the ENACTED SIGNED IN GOALS of the United Nations Convention for the Rights For Persons With Disabilities. Simply, the individual named in this Intelius background report [DOCTOR DE LA LLANA MD] and its report itself has been added onto a VERY IMPERATIVE - DEATH OVER LIFE PARAMOUNT IMPORTANCE OF CHANGE TO CORRECT. This is a DEMAND and this is UNDECLINABLE. In Public View, This PDF is currently added to this DELIVERANCE of these issues that must be imposed to a new standard of an @RealityAudit. There is no action but DISCLOSURE that I am required in these cases to make. That is indeed what I am doing here. Any act that blocks such disclosure might be subject to its

intention to be determined OBSTRUCTION OF JUSTICE. THIS IS A MATTER OF NATIONAL SECURITY! There are No Opt-Out Options. You may indeed and I encourage you to do so. Please contact the United States Justice Department / Office of Justice Programs. Already Addressed In This Agenda. God Is Watching Us - Who do you think are the intelligent forces visiting us in the sky we are calling UAP? That is real from me here or am I LISTENING to DELUSIONS in my own mind? [<https://www.nbcnews.com/think/opinion/ufo-hearing-congress-pentagon-exploring-uap-military-threats-science-w-rcna29233>] FINAL NOTE/WARNING - This site process places a returned service of posting HTML. That RESULT SOURCE will be captured to the record of all things acted on by this author. There is no error involved. Absolutely no informed violation of any boundary violation of terms of service. Therefore, the continued presence of visibility that this comment must be given granted access to be remaining visible to all users. Status for any change of this assumption must be addressed by a written response from Intelius customer services. Such confrontations on Truthfinder resulted in their administration suspending paid account access and that would be of a DRASTIC NEED of informational services to avoid an issue that is indeed a matter of National Security and warfare. Such retaliation actions are not warranted here and will be aggressively countermanded by complaints to accountability commerce authorities that both Truthfinder and Intelius might be agents in the enemy of the United States or at least file a complaint of creating an operational nuisance in the harms of the community on the informational integrity processing on the internet. For the record, I mean every word I express here. In the note in terms of inquiry or expressions, I think a statement of positions from Intelius.com onto their paid customer James Martin Driskill is somehow deserving a community duly expressing support and/or detachment of such duty of community. We are indeed in this war. Which side are you working for? For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim. The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.
